➤ WEB TECHNOLOGY
- **HTML**
- **CSS**

STRENGTHS
- Goal Oriented Approach along with Quick Analysis.
- Good Communication
- Hard Working and also Smart Working
- Self-motivated and dedicated team player

PROJECT HANDLED DURING ACADEMICS

Design and Fabrication of Flexible Screw Conveyor for Agriculture Application.

We have designed a conveyor for agricultural produce handling which eliminates manual based tasks, reduce the handling time of products. It offers a simple solution where in by changing internal diameter of pipe and motor speed we can vary the output discharge and maintain it at a steady constant pace by causing most minimal damage in a very short time.

INTERNSHIP

Name of Organization : VOLTEK CORPORATION PVT.LTD.,
Location : Dharwad
Duration : Four weeks
Key Takeaways : Learnt about working of various types of Valves
  Got to know about various components used in assembly of Valves
  Gained knowledge about the inner working of a medium scale manufacturing sector.

PERSONAL VITAE

Name	:	SHASHANK M O
Contact No.	:	8884364795
Permanent Address	:	#107, MARIKAMBA TEMPLE ROAD,
		MADENAHALLI (V), KATHIGE (P),
		HONNALI (TQ), DAVANAGERE (DIST) – 577223.
